## ROAR OF SPEEDERS HAS BEGUN

Thousands Throng Stands at Indianapolis Track as Race Starts

27 CARS ARE ENTERED

Ambulances Stationed at Convenient Points of the Course While Hundreds of Cops Guard Safety of Spectators.

[ASSOCIATED PRESS TELEGRAM] Speedway, Indianapolis, Ind., May 30.—Ralph DePalma in a Mercer dropped out of the race in the 18th lap on account of cylinder trouble. He was soon followed by Jenkins, Schacht, which broke a crank case. He went out in the 20th lap.

Herr Stutz broke a clutch release in the back stretch and caught fire. He was out of the race. No one was injured. The boiling hot sun caused considerable tire trouble and one car after another dropped in at the pits for a change.

[ASSOCIATED PRESS TELEGRAM] Speedway, Indianapolis, Ind., May 30.—Promptly at 10 o'clock the 27 cars, led by Carl G. Fisher, millionaire sportsman, began the long race around the two and a half mile track. The pounding of the motors, cheers of the thousands and waving of flags of the five nations represented an inspiring scene.

The cars gave away with a flying start, and were going 50 miles an hour as they came down the long home stretch.

[ASSOCIATED PRESS TELEGRAM] Speedway, Indianapolis, Ind., May 30.—Five nations—United States, England, France, Germany and Italy—will battle today for supremacy in the automobile world in the annual 500 mile race to be held here today. Everything at the Speedway emphasizes the international phase of the contest.

Flags of all nations are flying from the grandstands and from the pits. There arises a jargon of many tongues from the helpers of the foreign drivers.

Trains and interurbans began early today to carry the thousands to the Speedway, and the roads were filled with automobiles by daylight. Hundreds of persons slept in the open just outside the Speedway, in order to be on hand when the gates opened at 6 o'clock.

Inside the Speedway, Captain Carpenter of the Speedway guards, stationed his men just before the gates were opened and gave them final instructions for handling the throng. Ambulances were placed about the track and everything prepared for the start at 10 o'clock sharp.

Betting grew brisk, with Burman still ruling the favorite by a slight margin over Anderson's Stutz. Considerable money was being placed on the foreign cars. The speed of the foreign cars seemed to give the betters more confidence in them, although their ability to withstand their terrific vibratory strain of the track course and avoid tire trouble had been questioned.

The entries are:

No. Car.	Driver
1-Nyberg	H. Endicott
2-Stutz	Merz
3-Stutz	Anderson
4-Keeton	Burman
5-Mason	Evans
6-Mason	Tower
8-Stutz	Herr
9-Sunbeam	Guyot
10-Henderson	Knipper
12-Grayfox	Wilcox
15-Pigeot	Goux
16-Pigeot	Zuccarelli
17-Anel	Liesaw
18-Schacht	Jenkins

## HERE THOUSANDS MARCH INVISIBLE THOUGH FEW ARE SEEN TO DAY

The Tariff Lobby At Washington, D. C. May Now Be Probed

(Congressman Clyde H. Tavenner) Washington, May 30.—In the election last fall the people elected members of Congress to revise the tariff on sugar and other necessities, downward, as one step toward the reduction of the ever increasing cost of living.

Powerful lobbies are now in Washington endeavoring to persuade these members of Congress to break their pledges to the people and betray the consumers of the land, to the end that a few men, already rich beyond the dreams of avarice, may add to their swollen fortunes.

It was to place before the public this state of affairs that President Wilson used his now famous statement, in which, referring to these lobbies, he said:

"Washington has seldom seen so numerous, so industrious or so insidious a lobby. There is every evidence that money without a limit is being spent to sustain this lobby, and to create an appearance of a pressure of public opinion antagonistic to some of the chief items of the tariff bill."

In order that the public may know all of the facts about the condition alluded to by President Wilson, I have introduced a resolution providing for the appointment of a committee of five members of the House of Representatives to investigate the subject.

This resolution reads as follows:

"Whereas, It has been charged by the President of the United States, and there is reason to believe that a powerful and insidious lobby, representing interests hostile to the passage of the pending tariff bill in the form adopted by the House of Representatives (Continued on Page 4, Col. 3.)

## Memorial Day Recalls Colonel Ingersoll's Remarkable Vision

In all of the states of the North today will be observed as Memorial Day, and the graves of dead soldiers will be decorated with flowers, while impressive ceremonies will be held in the churches and cemeteries of every city, town and hamlet.

In the states of the South, Memorial Day is observed on varying dates, and the 1913 observances in honor of the Confederate dead have already been held, except in Louisiana. Before the close of the war a decoration day had been generally observed by the women of Dixie, and the custom soon spread to the North. In 1866 Philadelphia held a memorial service for Union soldiers, and a similar program was carried out in Cincinnati the following year.

The Memorial Day of the North was first established as a permanent institution in May, 1868, when General Logan, then commander of the Grand Army of the Republic, issued an order calling upon all veterans to visit the cemeteries on the thirtieth of May and spread flowers on the graves of their comrades. The custom of honoring dead soldiers in this manner probably had its origin in Germany, and German-Americans contend that the observance in the United States was based on a tradition brought over from the fatherland.

Eloquent oratory has always been a feature of Memorial Day, and many eloquent tributes have been paid to the "heroes dead." The masterpiece of all such efforts, however, was the late Col. Robert G. Ingersoll's remarkable "Vision of war," which he delivered before an assemblage of veterans in Indianapolis, and which has been called "the most eloquent speech in the English language." In part, Col. Ingersoll's address was as follows:

The past rises before me like a dream. Again we are in the great struggle for national life. We hear the sound of preparation—the music of the boisterous drums—the silver voices of bugles. We see thousands of assemblages, and hear the appeals of orators: we see the pale cheeks of women, and the flushed faces of men, and in these assemblages we see all the dead whose dust we have covered with flowers. We lose sight of them no more. We are with them when they enlist in the great army of freedom. We see them part with those they love. Some are walking for the last time in quiet, woolly places, with the maidens they adore. We hear the whisperings and sweet vows of eternal love as they ingenuously part—forever. Others are bending over cradles, kissing babes that are asleep. Some are receiving the blessings of old men. Some are parting with mothers who hold them and press them to their hearts again and again and say nothing; and some are talking with wives, and endeavoring with brave words spoiled in the old times to drive away the awful truth. We see them part. We see the wife standing in the doorway with the babe in her arms, sobbing in the sunlight, sobbing—until at the turn of the road a hand waves, and she answers by holding high in her loving arms their child. He is gone, and forever.

"We see them all as they march proudly away, under the flaunting flags, keeping time to the wild, grand music of war—marching down the streets of the great cities, through the towns and across the prairies—down to the fields of glory, to do and to die for the eternal right. We go with them one and all. We are by their side on all the gory fields in all the hospitals of pain, on all the weary marches. We stand guard with them in the wild storm and under the quiet stars. We are at home when the news comes that they are dead. We see the maiden in the shadow of her first sorrow. We see the silvered heads of age bowed with the last grief."

## SUN SMILES ON VETERANS WHO HONOR MEMORY OF THEIR SLEEPING HEROES

Wreaths and Flowers Placed on Graves of Dead Soldiers Who Offered Lives For Their Country

PARADE MOVES TO STRAINS OF MARTIAL MUSIC

Splendid Turnout of Patriotic and Civic Organizations in March to Cemetery—Old Guard and Police Officers Make Splendid Appearance—Program at Memorial Hall This Afternoon.

Favored with delightful weather, Memorial Day crowds were about the streets early Friday forenoon, and the familiar tones of the fife and drum from the veterans' drum corps acted as a call to duty. Every veteran who was able joined the marching ranks bound for the resting places of the dead, there to do homage to the memory of those who gave their lives for the cause of unity.

The earliest movement was that of Captain Hiser's squad of veterans who went to Mt. Calvary cemetery, leaving Memorial hall well toward 8 o'clock. At the cemetery, wreaths, bouquets and flags were placed on the graves of veterans who have passed beyond.

City cars bound for Cedar Hill cemetery were crowded all day Thursday from early in the morning with throngs bearing baskets of flowers, bits of bushes and shoots of vines to be planted on graves in readiness for Memorial Day. Carriages and pedestrians likewise lined the way to Mt. Calvary cemetery, where graves showed fresh blooms and sprigs of evergreen.

Cedar Hill cemetery gave every evidence of the care that the crew of regular employees had given in anticipation of the crowds Friday, and with the added touch of color from flying flags and freshly placed flowers the grounds looked more beautiful than usual.

Probably the largest turnout in the history of Newark participated in observance of the day. Owing to conditions of the highways as a result of heavy rains, there was not the usual motoring parade into the country, and this fact helped to swell the crowd in Newark, while many country people were attracted here by the circus and came early enough to witness the Memorial day parade.

The Blair Motor Bus made regular trips between Mt. Calvary cemetery and the Public square, hauling many passengers with flower baskets, and bound for the City of the Dead to place flowers on the graves of their loved ones.

There was a holiday atmosphere everywhere. The forenoon was full of preparations for the parade of soldiers and the march to Cedar Hill cemetery, which was begun about 10 o'clock.

Headed by an escort of natively uniformed police officers, the various patriotic organizations marched in the order assigned them by the commander. The Old Guard, in bright uniforms and stepping briskly, almost as in the days of '61, to the stirring martial music of the drum corps, came early in the procession, following closely the grand marshal and escort.

Company G of the Fourth regiment, O. N. G., commanded by Capt. C. V. Priest came next, followed by members of the United Spanish War Veterans.

Members of the Sons of Veterans acted as an escort to Lemert Post, G. A. R., while the Union Veteran Legion brought up the rear guard of the patriotic orders.

Following were carriages bearing city officials and the speaker of the afternoon, Rev. G. W. Blodgett of Cincinnati, commander of the department of Ohio.

Members of the Women's Relief Corps and school girls bearing huge wreaths and bouquets, with flags streaming, came last in carriages.

Crowds attracted down town by the promise of double entertainment in witnessing the Memorial Day parade and the circus parade scheduled to pass about noon, added a touch of gaiety to the solemn tone usually attending such an observance.

The march to Cedar Hill cemetery was not undertaken by all who started. (Continued on page 8, col. 3.)

## ALLIES SIGN TREATY TODAY WITH TURKEY

[ASSOCIATED PRESS TELEGRAM] London, May 30.—The preliminary treaty of peace was signed at St. James palace today by the delegates of all the Balkan allies and of Turkey. Sir Edward Grey, the British foreign secretary, presided at the meeting.

Dr. S. Danell, the Bulgarian peace delegate, in the course of an interview after the signature of the preliminary treaty of peace, said:

"I am rejoiced. It means not only Balkan peace but general peace, and Europe is saved from one of the most thorny problems of the age."

"We owe a deep debt of gratitude to Sir Edward Grey whose enduring and untiring mastery in treating diplomatic problems has brought about peace much sooner than some of us had expected."

The first meeting of the peace conference has been fixed for Monday, June 2.

## FORMER NEWARK PASTOR TO PREACH M'CARTY SERVICE

Piqua, May 30.—The funeral of Luther McCarty, the pugilist, killed Saturday in a fight with Artie Pelkey at Calgary, Alberta, will be held at 2 o'clock Saturday afternoon in Forest Hill cemetery. The services will be conducted by Rev. John Montgomery in the open air.

The body of McCarty in charge of William McCarty, left St. Paul last night and will arrive in Piqua this evening. Mrs. McCarty, widow of the fighter, met the train at Piqua, N. D., and is accompanying the body here. Rev. Ed Smith of Chicago and Fred Sears, McCarty's trainer, also are in the party. His father, Dr. Aaron McCarty, now is here.

Rev. John Montgomery mentioned in the above dispatch, was former pastor of the First Presbyterian church of Newark.

St. Paul, May 30.—I will never manage another prize fighter nor attend another bout. William McCarty, who was Luther McCarty's manager, declared here yesterday.

## Father Cush Serves 25 Years as Pastor of New Lexington Church

With a record of twenty-five years of faithful service as a Catholic priest to his credit, Rev. Austin A. Cush, a native of Lackawanna county, Pa., celebrated the silver jubilee of his ordination as a priest of the Catholic church. The event was observed at St. Rose church, New Lexington, Tuesday.

The celebration included a solemn high mass at the church in the morning with a public reception and program at the K. of C. hall in the evening. The visiting clergymen of whom there was a large number were entertained with a dinner at 1 o'clock at the K. of C. hall.

Father Cush was born in a log cabin on a farm in Forest township, Lackawanna county, August 18, 1834. He was one of a family of 13 children, being the son of Daniel Cush.

For 15 years, his father's home was the stopping place for many missionaries. An old-fashioned burr oak, which was an impressive altar in the home. This altar piece of significance is still one of the prized possessions of his eldest brother.

He attended the county school and attained his classical education at St. Mary's of the West near Cincinnati. He also attended Notre Dame university and took theological and philosophical courses at Niagara university.

He was ordained at St. Joseph's cathedral, Columbus, by Rt. Rev. John A. Witterson, May 26, 1859, and his first mass was celebrated in the little church which was built on a corner of his father's farm. This church still stands. His first year's priesthood was spent as chaplain at Mt. Carmel hospital, Columbus.

He has had a very successful career as pastor of St. Rose church, and the parish has flourished under his pastorate.

## MOTHER LOOKS ON AS HUSBAND AND BABE ARE KILLED

[ASSOCIATED PRESS TELEGRAM] South Bend, Ind., May 30.—Emiel Deceodt, aged 24, alighting from a Lake Shore train at Lyndick stopped in front of a South Shore express train this morning. His six months old baby which he carried was instantly killed. Deceodt was fatally injured. The family was on a holiday excursion and Mrs. Deceodt witnessed the accident.

Lyndick imports much paper and syrup from the United States.

## Marines From Atlantic Fleet Aid in Program of Maine Memorial Unveiling

[ASSOCIATED PRESS TELEGRAM] New York, May 30.—Army, navy and citizens did honor in New York today to those who perished in Havana harbor on the battleship Maine. The occasion was the unveiling at the Columbus Circle entrance of Central Park of the National Maine monument, a shaft forty feet high erected by popular subscription from all parts of the Nation. The ceremonies brought to this city a dozen dreadnaughts of the North Atlantic fleet, the Cuban cruiser Cuba, the secretary of the navy, former President Taft, representatives of the Cuban congress and government, Governor Haines, of Maine, and others.

Although the unveiling exercises proper were not staged until late afternoon, they were preceded by a land parade in which 5,000 blue-jackets of the Atlantic fleet took part, augmented by troops from the regular army, the New York National Guard, veterans of the Spanish American war and a company of Cuban artillery, a Cuban band of sixty-two pieces and twenty sailors from the crew of the cruiser Cuba.

Rear Admiral Cameron McRae Winslow, U. S. N., acted as chief marshal. A salute of twenty-one guns from each of the battleships at anchor in the Hudson, the placing of wreaths on the monument in behalf of President Wilson, the state of Maine, the state of New York, the city of New York, the Cuban government and one by Rear Admiral Sigbee, who, as a captain, was in command of the Maine when she sank, comprised, aside from the speeches, the chief features of the unveiling ceremonies. The speakers on the program called for addresses by Mr. Taft, Secretary Daniels, Governor Sulzer, Rear Admiral Sigbee and others. In addition to the unveiling of the Maine monument there was held on this Memorial Day the usual exercises at Grant's tomb, the Grand Army of the Republic parade and the work horse parade.

## Men and Money

(By Chalmers L. Hancock.)

The proper development of Newark cannot be accomplished without men or money.

The Board of Trade's effort to increase its membership contemplates both. For public improvements money is more easily gotten than men, but it is not more necessary to such movements.

For membership in the Newark Board of Trade we want live, active, confident men of purposeful enthusiasm, because we want their enthusiasm born of a purpose.

Get this description accurately.—LIVE, ACTIVE, CONFIDENT MEN imbued with purposeful enthusiasm.

## Court House Dome Lights Will Burn Next Week

The 600 electric lamps upon the dome of the court house installed by the Board of Trade a year or two ago, will soon burn every night in the week except Sunday.

To date 51 firms or individuals have subscribed \$12 each to maintain the lights for a year. The \$612 already subscribed is not sufficient, but there no longer remains a doubt of the success of the campaign. Practically everybody who has been solicited has agreed to pay \$1 a month for the purpose of maintaining the dome lighting.

The success of the effort is due to Mr. Geo. B. Sprague, who has personally solicited the subscriptions. He was Mr. Sprague as chairman of the Board of Trade's special committee a year ago, who was responsible for the success of the lighting campaign last year.

The lamps around the face of the clock will be removed and other minor changes will be made in the location of some of the globes. The canvass will be finished within a day or two and the current will be turned on probably some night next week. Any one who has not been solicited is invited to send his subscription to Mr. Sprague. A list of the subscribers will be published later.

Many people cannot afford to have weak nerves. It would mean loss of livelihood. To overcome the loss of nervous energy is a serious matter. Every action of mind or body calls for the expenditure of nervous energy and it is the business of the blood to carry the necessary elements to the nerves to compensate for this expenditure. As soon as the blood, for any reason, loses this power to constantly re-build the nerves the nervous decline begins which, if unchecked, results in nervous breakdown. This is the history of such a case:

Mr. Calvin R. Lillard, whose address is R. F. D. No. 2, Ringgold, Ga., says: "Ten years ago I was stricken with nervous prostration. I wasn't able to do anything and was confined to bed for a part of the time. I had headaches frequently and a slight palpitation of the heart. My appetite was poor and my stomach was weak. I could not sleep well; some nights for no more than an hour. After four years of sickness I began using Dr. Williams' Pink Pills for Pale People and found that they gave me strength. I kept up their use until I was entirely well."

## Dr. Williams' Pink Pills for Pale People

are a tonic for the blood and their tonic action strengthens a weak nervous system. They are sold by all druggists, fifty cents per box, six boxes for \$2.50, or direct by mail. The booklet, "Diseases of the Nervous System," will be sent free upon request.

## Walter Johnson Proves He is Greatest Pitcher

Washington, May 29.—Walter Johnson, the mighty finger of the Senators, has now proved he is the greatest pitcher in the game. Those fans who were inclined, because his club was in the rack for years, to believe there were others greater, have now changed their minds.

New York has insisted that Christy Mathewson was the greatest pitcher. But New York has always made such claims. Even now there are thousands of fans in that city who think John J. McGraw, manager of the Giants, is the greatest manager the game has ever known, because their sporting writers feed on that kind of stuff. Till Johnson was beaten the other day he had a perfect score for the season, having won ten straight games. Then Cleveland, a club which is going at a mighty clip, beat him. Of course other pitchers have won more than ten games in a row nineteen. But Johnson has been pitching great ball all the time he has been in the American league.

A. A. Tarsion of Aguilar, Col., asserts he has developed a breed of chickens with teeth.

## Paddy Ryan Got \$250 for 87-Round Championship Bout

The "high cost of living" may serve as a partial excuse for the exorbitant financial demands of the present crop of boxers, but the true friends of the game would like to see the fighters manifest a little more of the sporting spirit and a little less commercialism. In the old days real world champions were satisfied with smaller purses than are now demanded by third-rate has-beens or never-will-bees. As an example, there was the Paddy Ryan-Joe Goss battle for the heavyweight championship of the world, which was pulled off at Collier Station, W. Va., just thirty-three years ago today, May 30, 1880. It was fought out with bare knuckles and went eighty-seven rounds before Ryan won the victory and the title. There probably isn't a heavyweight living today who would go through such an ordeal for less than fifty thousand dollars—and yet only Ryan cleaned up less than \$250 for his hard-won victory. Nobody wants to revive the bare-knuckle game, and it is to the credit of present day fans that they have no desire for such long and gruelling exhibitions. At the same time, a little of the love of sport and sterling honesty of those old gladiators would work a decided improvement in the boxers of today. Ryan's case was by no means exceptional. "Nonpareil Jack" Dempsey cleared only \$10 or so from one of his hardest battles. Heenan made a trip to England to fight Savages for the championship of the world for a thousand dollars, of which he had to pay expenses. Sullivan received much less than that for whipping Ryan in Mississippi.

Reuben Oldring, who plays in the garden for the Philadelphia Athletics, was born in New York, twenty-nine years ago today. "Rube" commenced his baseball career as a semi-pro in the Bronx and in Hoboken, which makes his front moniker peculiarly apropos. His first league experience was with Monticemy in the Southern circuit. Toward the close of the 1905 season he returned to his native city and played for a time with the Vankees. The Athletics had a prior claim, however, and Oldring was awarded to Philadelphia by the National commission. Rube is speedy, and is one of the hardest swinging hitters in the past time.

## ATTENTION MOTHERS!

If You Have or Know of a Delicate Child Read This Letter.

"My little daughter, Louise, age 9 years has always been delicate, anemic, had no appetite and seemed listless, and we could not seem to find anything that would help her. Until we were advised to give her Vinol. She started taking it six weeks ago and inside of two weeks she showed a marked improvement both in appetite, vim and looks. Being so well pleased with the results, I continued giving it to her, and words fail to express my gratitude, and faith in Vinol both as a blood maker and body builder. As my child was an anemic for so long makes the reason all the stronger for me to recommend it to others in similar condition." Geo. E. Munro, Brooklyn, N. Y.

Vinol restores health and strength in conditions like this because in a natural manner, it increases the appetite, tones up the digestive organs, enriches the blood and strengthens every organ of the body.

Every bottle of Vinol is guaranteed to give satisfaction or money refunded. F. D. Hall, druggist, Newark, Ohio.

## REDMAN AWARDED TO HUNTINGTON

Cincinnati, May 29.—The national baseball commission yesterday affirmed the decision of the national board in awarding Player Redman to the Huntington club of the Ohio State League. The league club of the Wisconsin-Illinois League appealed from the decision of the national board, claiming to have signed Redman previous to the time he was obtained by Huntington. The commission, however, decided against this claim.

The Philadelphia Nationals look better than ever before. They have the batters, the pitchers and the holders. If their good luck keeps up they will seriously dispute the championship with anybody.

In Cravath they have a felder who threatens to make the old fans forget Ed Delahanty. In one game this spring he led the score against Matty with a home run and two days later made two more home-runs against Marquard. One of these homers was the longest made on the Phillies' grounds since Delahanty made one fifteen years ago.

Friends of Stewart Sedgwick have received a number of cards from him at New Orleans. Mr. Sedgwick is enroute to San Francisco, Calif., with a consignment of cars from the Jewett Car company.

During last week the sum of \$50,000 was expended in New York city in the erection of office buildings.

## Little Benny's Note Book

The Japanese was wat 1 rote about in my history book today, this being it:

The Japanese

Peepil awfin get the Chinese and the Japanese mixed up awn akount of them both beeing kullered yello and there eyes slanty as if they wood run into each uthir if it wasent for there nozes, but there is awlways

wun way you can tell a Japaneez from a Chinese, wich is if he can wawk a tite rope.

If you saw 2 bays and wuntid to no wich wun was a Japaneez and wich wun was a Chinese, awl you wood haff to do wood be to put them both awn a tite rope and the wun that fell awf wood be a Chinese.

If a Japaneez is out of a job or anything awl he has to do is get a tite rope and a parasawl and start a serkus or a yawdville show, wich is the reezin vy most of them are nevvir out of a job. Japaneez must have steddier feet than most peepil.

Japaneez can also do anuthir thing with there feet. They can juggel eetch uthir with them. If

you cut awf a Japaneez feat I gess he wood get madder about it than an Amerikin wood if you cut awf his feet, awn akount of the Amerikin not beeing abil to do so much with them.

Insted of playing base bawl and things the Japaneez are awl the time playing joo jitsee, wich is the way they ressel. Insted of jumping awn you and nocking you down, they jest stick a finger in you in a serton place they no of and you fall down by yureself. This wood be a grate gain to play if you only noo awl the places to stick yure finger, but the Japaneez will nevvir tell you that part of it. The only way to do if a Japaneez tries to joo jitsee you is to give him a good punch

in the noze befoar he can get his finger neer enuff to stick it.

Wile the Japaneez are not walking tite ropes or juggeling eetch uthir with there feet, they are jennelly making lanterns or matting for a living.

ARRESTED LAST  
NIGHT BY POLICE

The theft of a silk umbrella from the home of Henry B. Fleck resulted in the arrest last night of Joe Lennon, claiming Philadelphia as his home on a charge of burglary. The arrest was made by Captain Swank and Patrolman Swinehart and it is claimed that the officers have conclusive proof of the man's guilt. He admitted being drunk in police court and will be held pending a further investigation.

Three other cranks were fined and ordered committed to the county jail. Several neighborhood rows, reported from the vicinity of Vine street, were aired before Chief of Police Sheridan. The complainants were advised to visit an attorney for affidavits.

MAY USE MILITIA  
TO STOP GAMBLING

(Associated Press Telegram)

New York, May 30.—Reports that Governor Sulzer had authorized the employment of the state militia to stop gambling were current today, incidental to the revival of horse racing at Belmont park, Long Island, this afternoon. Adjutant General Henry Dewitt Hamilton of the national guard admitted that he had a midnight conference with the governor regarding the racing situation and that while he did not believe it would be necessary, he was in readiness to call out state troops.

## GREAT WORK DONE

AT DAYTON, OHIO.

When Dayton was swept by the flood two months ago, suffering a property loss of one hundred and twenty-eight million dollars and a hundred lives, many regarded it a death blow to the Gem City but all who knew the calibre of Dayton's citizens, unhesitatingly declared that Dayton would come out of the disaster bigger and better than ever.

In a two day campaign recently already announced in the Advocate, the citizens of Dayton, practically every one of whom lost heavily in the flood, raised a fund of over two million dollars to pay for river improvement work that will forever make Dayton immune from high water. In a great mass meeting Sunday \$860,000 was pledged in two hours. Leading in the work of raising this money was John H. Patterson, president of the National Cash Register company who, in the early days of flood relief work spent a million dollars of his own money to help the flood sufferers of Dayton. Ably assisting him was Edward A. Deeds, a Licking county man, who is vice president and assistant general manager of the great Dayton factory.

Dayton has set a mark in civic pride for the people of America. Dayton people do things.

## THE TARIFF LOBBY

(Continued from page 1.)

tives, is in existence in Washington; and

"Whereas, Newspapers are being filled with paid advertisements calculated to create an artificial public opinion against certain items of the tariff bill; and

"Whereas, It is charged and there is reason to believe that unlimited funds have been placed at the disposal of this lobby for the purpose of overcoming the interests of the public for the private profit of the interests which they represent; and

"Whereas, The public maintains no lobby and is powerless to reply to the paid advertisements of any lobby representing financial interests; and

"Whereas, Bills are pending in Congress to regulate and control the operation of lobbies at the National Capitol, and it is advisable to gather any and all facts bearing on the aforesaid conditions and charges or in any way relating thereto, as a basis for remedial purposes; therefore be it

"Resolved, That a special committee of five members be appointed by the Speaker of the House of Representatives to sit during the sessions of the House and during the recesses of Congress for the purpose of investigating and reporting to Congress the facts in connection with the operation of any lobby or lobbies in Washington; said committee shall inquire into the sources whence any such lobby or lobbies are supplied with funds, and the amount of funds so contributed; and shall also ascertain where and how these funds are expended and for what immediate and ultimate purpose; and shall go into a general inquiry to learn the methods by which any lobby seeks to influence legislation in Congress.

If members of Congress were to allow themselves to be guided by the views of the lobbyists, they would conclude that the people back home were not in good faith when they voted for tariff revision downward. Or, if they were in good faith at the time, that they have since changed their minds, deciding they do not desire the monopolies of the tariff trusts interfered with.

But President Wilson is not being fooled. Nor is the average member of Congress. They know that for every man who beseeches them in Washington to retain the tariff on sugar, there are nine hundred and ninety-nine of their constituents who are not writing letters, but who demand that promises made to them before election be kept after election, and especially the downward revision of the tariff on the vital necessities of life.

President Wilson and the members of Congress also know that every penny of the extra dividends that the lobby interests will make by virtue of legislation granting them special privileges, must come from the pockets of the men, women and children in the districts back home.

It will be recalled that President Taft once faced the same crisis that members of Congress face now. He listened to the voices at his ear in Washington, whom the late Senator Dooliver described as "men who knew exactly what they wanted." President Taft forgot the folks at home who do not write letters, and on the very first election day following they got revenge. The lobbyists in Washington whose counsel he had accepted were powerless to save him from the wrath of the home folks who vote, but who maintain no lobbies in Washington.

## THE LITTLE GREEN TENTS.

The little green tents where the soldiers sleep, and the sunbeams play and the women weep, are covered with flowers today; and

between the tents walk the weary few, who were young and stalwart in 'sixty-two, when they went to the war away. The little green tents are built of sod, and they are not long, and they are not broad, but the soldiers have lots of room; and the sod is part of the land they saved, when the flag of the enemy darkly waved, the symbol of dole and dome. The little green tent is a thing divine; the little green tent is a country's shrine, where patriots kneel and pray; and the brave men left, so old, so few, were young and stalwart in 'sixty-two, when they went to the war away!

## The Human Procession

Dr. Rupert Blue is a name that has frequently appeared in the dispatches relating to Dr. Friedmann's turtle vaccine for the cure of tuberculosis. As surgeon general and executive head of the United States Public Health Service, Dr. Blue is charged with the conservation of the physical welfare of all of Uncle Sam's subjects, and with their protection against epidemics. In that capacity, although handicapped by lack of sufficient funds and men to properly carry on the work entrusted to him, Dr. Blue has accomplished wonders. In regard to Dr. Friedmann's alleged cure for the white plague, the distinguished sanitarian has taken neither one side nor the other, but has awaited the presentation of real evidence.

Dr. Blue was born in Richmond county, North Carolina, and will celebrate his forty-sixth birthday today. He was educated at the Universities of Virginia and Maryland, taking the M. D. degree at the latter institution in 1892. Immediately after leaving college he entered the United States Public Health and Marine Hospital service as an interne, and began that study of sanitary science which has made him an authority. During his connection with the service he has held posts at Cincinnati, Galveston, Charleston, San Francisco, Portland,

Ore., Milwaukee, Genoa, Italy, New York, Norfolk, New Orleans, and, as chief, at Washington. Ten years ago, when San Francisco and all America were threatened with the terrible bubonic plague, Dr. Blue was in charge of the operations which resulted in its speedy eradication. Two years later he went to New Orleans to wage war on the yellow fever epidemic, and returned to San Francisco in 1907, to begin a second crusade against bubonic plague.

The co-operation of the fair sex in the fight for better sanitary conditions is far more important than that of men, in the opinion of Surgeon-General Blue. "Women are by nature clean," declares Dr. Blue, and, while he refrains from odious comparisons, one derives from his remarks that a certain other sex is not so cleanly. "The health of a nation is largely in the hands of its women," asserted the great sanitarian, who speaks from experience. In San Francisco, when fighting the bubonic plague, he found the women his best allies, while the men remained indifferent and inactive. San Francisco women held meetings, listened eagerly to the addresses of experts, and followed their directions. They studied the art and its habits, learned how to eradicate the dangerous fleas, and put their lessons into practical effect. In the Women's Public Health association they had an organization that was a mighty bulwark against the plague. Without their assistance, Dr. Blue admits, his best efforts might have been futile.

"Sanitation, like charity, should begin at home," is a blue epigram, and one that has been taken to heart by American women. After attending to their homes, their yards, and alleys, and streets, and especially their garbage and sewage disposal, Dr. Blue suggests other fields in which the fair sex can render invaluable aid in the protection of health. A sanitary milk supply, clean street cars, the enforcement of statutes against expectoration in the streets and other public places, and against the deadly common drinking cup and the equally unsanitary roller towel—these are a few of the common ways which women may help, as pointed out by Dr. Blue.

At the Auditorium Theatre tonight, The Auditorium theatre offers a special program of photoplays today which consists of a war and Indian drama, entitled "On the Frontier," a strong drama called "A Cry From the Dumb," by the Imp. company, a western comedy entitled "Steve's Girl," by the Frontier company and two other miscellaneous pictures. The big playhouse was open this morning from 10 until 1:30, giving way at that time for the Memorial service and opening again at 4:30 and continuing until 11 p. m. The usual price of 5 cents will be charged for this big program.

## Daddy's Bedtime

Why the Fairy  
Story—Thought She Would  
Stay at Home.

THERE was a faraway look in daddy's eyes as Jack and Evelyn came over to his chair.

Daddy had heard a good deal of loud talking from the corner where they were working over a new puzzle. The talk had sounded something like this:

"Tis so!" "Tain't so!" daddy began, with that faraway look still in his eyes, "there was a dear lovely fairy who got tired of her pink rose petal palace in fairyland and thought she would go a-visiting among mortals."

"A family of wasps had come to live on a tree near the palace, and she said that the buzzing of the wasps disturbed her."

"Very well," agreed the fairy queen; "you just take a look around anywhere you choose. If you think you can find any place nicer than fairyland you are welcome to live there. There may be more disagreeable noises than the buzzing of wasps."

"There must be many nice children that would be glad to have a fairy live with them," said the fairy as she started out, expecting to have a lovely time on her vacation.

"Well, this little fairy flew away from fairyland till she came to a nice white house in mortal land. She lighted on the windowsill."

"Inside the house a baby was crying. 'Come, little daughter Rosalie, and rock the baby to sleep,' said some one."

"I don't want to!" a very cross little voice replied.

"Dear, dear, I shouldn't want to live in that house!" the fairy cried and spread her wings and flew on till she came to a nice dark green house with vines growing all over it.

"This looks nice and peaceful," she said, and she settled down on a honey-suckle vine near the door.

"But, oh, alas, a little boy and girl were on the porch, and the little boy and girl couldn't agree at all. The little girl screamed, and the little boy stamped his feet on the porch. The fairy put her fingers in her ears and flew away as fast as she could."

"Well, the fairy looked around a good deal. But at the end of the day she made up her mind that she would go back to fairyland. She said that while the wasps did make a good deal of noise she could stand it better than the quarrelling of human crosspatches, for ill temper is one thing fairies cannot and will not put up with. So if you want a nice fairy to come and live in your house you must be very, very careful what you say and how you say it."

## MEMORIAL DAY FINDS FLOWERS VERY SCARCE

Memorial day brought a dearth of flowers, and the gardens and yards were scoured for buds and blossoms with which to decorate the graves of the beloved dead.

The season has been backward for flowers and the cold weather, together with the heavy and continuous downpour of rain, has ruined nearly all the budding plants. The florists on account of this were besieged with orders and found it nearly impossible to fill demands. Cut flowers to a great degree replaced the garden flowers in the making of bouquets for the grave.

## TWO NATURE STORIES FROM BUCKEYE LAKE

Buckeye Lake is developing nature stories, one right after the other this season. The first comes under the head of shovel-head catfish and the other is about tame wild ducks.

The first, known as Yellow river catfish—the first ever recorded as being caught in Buckeye lake has been pulled from the water by Policeman L. R. Shaw of the Columbus force. With a chub as bait, the policeman the other day started a vacation in search of bass. It is recorded that Shaw's struggles were something terrific and with something like Samsonian efforts he landed the fish which proved to be of the variety aforesaid. Manager Harris is authority for the statement that it weighed 29 1-2 pounds, which he opined was some fish.

The second natural curiosity which has put in its appearance at the lake is a flock of wild ducks making their abode in the neighborhood of the artificial lake at the park. Since the closed season has prevented their being molested, the fowls have become so tame that they will eat bread cast upon the waters close to the shore by Manager Harris without evincing any fear of curious spectators.

He died in the post-office building a few minutes later without regaining consciousness.

## DOUBLE HEADER AT WEHRLE PARK THIS AFTERNOON

The All-Professionals of Columbus and the Halsey Diamond H team of Newark will play a double-header game of ball in Wehrle Park this afternoon. The first game is called at 2 o'clock.

Both aggregations report their men in fine trim for some fast diamond work. The Halsey squad has established a real reputation this season for speedy ball, and the Columbus team is, as the name indicates, a well trained bunch with an abundance of skill and confidence. With a big attendance of local rooters promised, and good weather prevailing, two good games are likely.

## DENIES GUILT OF MURDER OF GOV. MEAGHER

[Associated Press Telegram]  
Missoula, Mont., May 30.—"I swear before God I am an innocent man, innocent of all charges they have tried to make me accuse myself." Thus did Frank Diamon, arrested at Plains, Montana, yesterday, concluded last night in jail a complete denial of the remarkable confession of a series of crimes, which he was alleged to have made. Among the murders which Diamon is supposed to have confessed having committed, was that of former territorial Governor Thomas Francis Meagher of Montana. Diamon now says that all he knew of the death of Governor Meagher was what he read and that he never killed a man in his life.

## FOUNDER'S DAY AT SHEPARDSON

Referring to the celebration of Founder's Day at Shepardson college, Saturday, the Columbus Dispatch of Thursday evening said, editorially:

A hundred years ago Daniel Shepardson, the founder of Shepardson College for Women at Granville, was born. This year the anniversary is to be celebrated in the beautifully located college that he built up and over which he presided till his death. Dr. Shepardson was a man with an exceptional zeal for the higher education of women. Wherever he went he preached the hope that "our daughters may be as cornerstones, polished after the similitude of a palace." He lived to see the near attainment of his ideal at Granville, and now, as a man with a vision, he is to be honored at the commencement season. Mrs. James R. Hopley, former president of the Ohio Federation of Women's clubs, once of Columbus, now of Bucyrus, is to deliver the address of the occasion.

Founders' day will be celebrated at Granville tomorrow and at 8 p. m. Mrs. Hopley will speak in Recital Hall followed by a reception to Mrs. Hopley.

## CHECKER EXPERTS PLAY IN TOURNNEY AT ANNUAL MEET

A number of the contestants in the checker tournament for the state championship arrived in the city this morning and are making the Y. M. C. A. their headquarters.

The championship for 1912 was held by Mr. H. C. Miller of Columbus, but previous to that for four years the honor was held by Mr. H. O. Newcomb of Middlefield, O.

At 10 o'clock this morning a business meeting was held, and the play commenced at 1 o'clock Friday afternoon. The tournament continues over Saturday. About 10 contestants have already arrived and about 20 are expected. The Newark players are O. N. Howard, D. W. S. Turner and Prof. Stinson of the faculty of the Newark High school.

## Cleans Millions of Plates Every Day

**EVERY** time we eat, the dishes have to be washed—that means three times a day for 365 days—or 1095 times a year. That means work, hard work, and lots of it—if done in the old-fashioned soap-and-water way.

Why not do it the Gold Dust way and save half the time? A little Gold Dust sprinkled in your dishwater will do the work in half the time and make your dishes brighter, sweeter, cleaner than they can be made by any other method.

Any housewife who isn't using Gold Dust for washing dishes is making twice as much work of dish-washing as she need to.

Gold Dust is sold in 5c and large packages. The large package means greater economy.

Use Gold Dust for washing clothes and dishes, scrubbing floors, cleaning woodwork, oilcloth, silverware and tinware, polishing brasswork, cleaning bathroom pipes, refrigerators, etc., softening hard water and making the finest soft soap.

# WOMAN'S BEAUTY IS BASED ON HEALTH

To Have Health, Bowel Movement is Absolutely Necessary—How Best to Obtain It.

If woman's beauty depended upon cosmetics every woman would be a picture of loveliness. But beauty lies deeper than that. It lies in health. In the majority of cases the basis of health, and the cause of sickness can be traced to the action of the bowels.

The headaches, the lassitude, the sallow skin and the lusterless eyes are usually due to constipation. So many things that women do habitually conduce to this trouble. They do not eat carefully, they eat indigestible foods because the foods are served daintily and they do not exercise enough. But whatever the particular cause may be it is important that the condition should be corrected.

An ideal remedy for women, and one especially suited to their delicate requirements, is Dr. Caldwell's Syrup Pepsin, which thousands of women endorse highly. Mrs. Jennie Snedeker, 1041 West Monroe street, Chicago, testifies that she is "cured of grave stomach and bowel troubles by using Syrup Pepsin and without the aid of a doctor or any other medicines." All the family can use Syrup Pepsin for thousands of mothers give it to babies and children. It is also admirably suited to the requirements of elderly people, in fact to all who by reason of age or infirmity cannot stand harsh salts, cathartics, pills or purgatives. These should always be avoided for at best their effect is only for that day.

MRS. JENNIE SNEDEKER.

while a genuine remedy like Syrup Pepsin acts mildly but permanently.

It can be conveniently obtained at any drug store at fifty cents or one dollar a bottle. Results are always guaranteed or money will be refunded. You will find it gentle in action, pleasant in taste and free from griping, and its tonic properties have a distinct value to women. It is the most widely used laxative- tonic in America today and thousands of families are now never without it.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 417 Washington St., Monticello, Ill., and a free sample bottle will be mailed you.

## BOND ISSUE FOR FLOOD DAMAGE IS ATTACKED IN COURT

(ASSOCIATED PRESS TELEGRAM)

Columbus, May 30.—The validity of the Snyder law, enacted at the last legislative session, empowering counties and municipalities to issue flood emergency bonds for immediate reconstruction of bridges and other public works damaged or destroyed by the high waters, was argued before the supreme court yesterday.

Cincinnati bond buyers enjoined the issuing of \$125,000 of bridge repair bonds by the city of Cincinnati, desiring a supreme court ruling on the constitutionality of the emergency law before buying the bonds. They based their attack on the ground that the Snyder measure is not a general application since its operation is limited to reconstruction bonds issued as a result of a specific emergency—the flood of March, 1913.

Both the common pleas and circuit courts of Hamilton county sustained the laws validity. In the hearing before the supreme court today the bond dealers were represented by J. L. Kohl, a Cincinnati lawyer and the city by Solicitor Alfred Bettman. Bettman refuted the argument that the act is not a general application by asserting that it is general as the particular subject with which it deals, permits. He said that it is not special legislation since it benefits no particular county or municipality, but all those damaged by the flood. Had any special city or county been given this relief, he said, there might be ground for the charge of unconstitutionality.

The supreme court is expected to hand down its decision next Tuesday. Many cities and counties are delaying emergency bond issues pending the rendering of the decision.

## JUDGE BARHORST DOES HIS DUTY TO RHEUMATIC SUFFERERS

If you suffer from Rheumatism and don't read this advice, then the terrible disease must have robbed you of your power to be fair to yourself. Read it.

"I, John Barhorst, Justice of the Peace of McLean township, Ft. Loramie, Ohio, do certify that after treatment by three doctors without result, I have been cured of a very bad case of Rheumatism by using two bottles of RHEUMA. It is now two years since I used this remedy, and I am still as well as ever. Previous to using RHEUMA I was a cripple, walking with crutches, and I feel it my duty to let other sufferers know what it will do. The result seems almost miraculous to me. I have advised RHEUMA to at least a dozen persons, and each one speaks as highly of it as I. I will answer any one suffering from the disease if a two cent stamp is enclosed"—May 31, 1912.

You can secure a bottle of RHEUMA for only 50 cents at Evans' Drug Store and they say if not as advertised money back. It's just as good for gout, Arthritis, Lumbago and Sciatica.

The Store That Saves You Money

## A First Class Job Demands A First Class Paint

Put Aurora paint up to your most practical painter. It will stand the severest test to which it can be subjected—in the laboratory or on the wall.

## Aurora Mixed Paint

is the kind of paint practical painters mix for themselves. It's even better. The makers of Aurora paint are themselves practical painters and their facilities for scientifically grinding and mixing are so superior to those of the painter that even he cannot put up a better paint.

Aurora is a pure lead and linseed oil paint, scientifically ground, with just the proper amount of inert pigments to protect the oil and give it lasting qualities.

Put it up to the painter; we're willing to let him be the judge.

## LEGAL NOTICE.

Lula Palmer, whose place of residence is unknown, will take notice that on April 28, 1913, Harry D. Baker, administrator of the estate of Josephine Palmer, deceased, filed his petition in the Probate Court of Licking County, Ohio, being cause No. 2485, in said court, against said Lula Palmer and others, praying for an order to sell for the purpose of paying the debts of said estate of Josephine Palmer, the real estate situated in the City of Newark, Licking County, Ohio, and described as follows:

First Parcel—Being a lot on the south side of Moul street in said city, and the same had a state conveyed to Josephine Palmer by deed dated December 8th, 1909, and recorded in Vol. 1, p. 106, of Licking County Deed Records.

Second Parcel—Being a lot sixty-six feet front on the south side of Moul street, immediately west of first parcel in said city and conveyed to Josephine Palmer by Jacob Cramer and wife by deed dated August 22, 1878, and recorded in Volume 111, page 32, of Licking County Deed Records.

Said Lula Palmer is required to answer said petition on or before July 5th, 1913.

### Keeping On Being Successful

Would So and So keep on advertising his hats or Such and Such his shoes if what they have to sell wasn't backed by the right kind of quality?

Merchants and manufacturers who come out and tell you all about their product wouldn't keep on being successful unless they supported their advertising with their reputation.

This is why you are nearly always safe in patronizing a business that advertises. Now and then some voracious individual or firm tries to "put one over" on the public, but the success of such a house usually is short-lived.

If you see a manufacturer or a retailer advertising steadily and consistently in the best papers you may be sure his business is successful. If his business is successful his product must be good. Therefore watch the advertisements and buy accordingly.

### NEWSIES PLAY ON WET FIELD

Such trifling things as grounds a little damp from heavy rains don't deter members of the Newark News-boys' association ball team, and the youngsters were on the job bright and early to meet the last bunch of Dr. Boone from Coshocton on their arrival Friday morning.

A committee of the players met the Coshocton team, and after a few minutes around town the crowd went directly to Wehrle park for a little practice. At 9:30 the game was called. Considerable interest is being shown in the contest between the Newark and Coshocton boys, as all players are under 16 years of age. Older heads see some comers in both aggregations, and

grown-ups made up a goodly proportion of the enthusiasts who witnessed the game Friday forenoon. Results will appear in Saturday's Advocate. It is planned by the N. N. A. team to entertain the visitors at lunch before their start back to Coshocton. A return game on Independence day probably will be arranged at this time, and the N. N. A. boys will start at once to train for their Coshocton visit.

### SAYS GRAY HAIR VANISHES AFTER APPLYING SAGE TEA

#### A Mixture of Sage and Sulphur Prevents Dandruff and Falling Hair.

When you darken your hair with Sage Tea and Sulphur no one can tell, because it's done so naturally; so evenly. It is also splendid to remove dandruff, cure itching scalp and stop falling hair.

Preparing this mixture, though, at home is a messy and troublesome task. For about 50 cents a bottle you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Hair Remedy." Some druggists put this mixture up themselves but make it too sticky,

so insist you want "Wyeth's" then there will be no disappointment.

You just dampen a sponge or soft brush with "Wyeth's Sage and Sulphur" and draw it through your hair taking one small strand at a time. Do this at night and by morning all gray hair disappears and after another application or two becomes beautifully darkened and more glossy and luxuriant than ever. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and you'll look years younger. Inquiry shows all pharmacists in town here sell lots of it. Hall's Drug Store, 10 North Side Square, Agent.

ed in the parade many taking cars from the public square. On arriving at Cedar Hill the military organizations divided into squads, in accordance with previous orders, and each captain assigned his men to a certain section of the cemetery where graves of soldiers were sought out and on each deposited a fresh bouquet and a flag, in token of the love and esteem a grateful country extends its martyrs and warrior heroes.

The squads reassembled at the mound where ritualistic services were held by the G. A. R., after which the firing of a salute concluded the immediate portion of the program for the day.

On the return only a part of the paraders marched, most of them preferring to ride into the city to preserve strength for enjoyment of the afternoon's program in Memorial auditorium.

Promptly at 2 o'clock the memorial services were scheduled to open in the Auditorium, with the assembled congregation singing America. The celebrated Old Guard drill and the drum corps are attractions which promised a big attendance, while many were drawn to the meeting by the announcement that Department Commander Blodgett would deliver the principal address.

The reading Lincoln's Gettysburg address by Prof. Wilson Hawkins, superintendent of public instruction and the promised rendition of "The Faded Coat of Blue," by Mrs. J. C. Bonshire, were added attractions listed for the afternoon.

At Cedar Hill cemetery the veterans and their auxiliary organizations decorated graves of 629 veterans of wars—over half a thousand in all—of the Civil War, and in the days of strife and bloodshed and who called Newark their home.

At Cedar Hill cemetery, the decorating squads were divided as follows: Division A, Capt. C. S. Osborn, 65 graves.

Div. B, Capt. Matthew Bausch, 65 graves.

Div. C, Capt. G. W. Chase, 37 graves.

Div. D, Capt. A. D. O'Neill, 23 graves.

Div. E, Capt. R. M. Davidson, 45 graves.

Div. F, Capt. D. H. Hollister, 35 graves.

Div. G, Capt. Elmer Blizzard, 38 graves.

Div. H, Capt. R. C. Bigbee, 85 graves (G. A. R. lot).

Div. I, Capt. Charles Kellenberger, 53 graves.

Div. J, Capt. Charles Adams, 58 graves.

Div. K, Capt. Verne Priest, 25 graves.

Div. L, Capt. George Coulter, 40 graves.

#### VETERAN, AGED 103.

(Associated Press Telegram) New York, May 30.—The oldest New York veteran of the American army paraded today with the work horses, instead of with the soldiers.

Emanuel Oppenheimer, 103 years old, possesses a medal for distinguished service in the Mexican war, but he and his 101 year-old wife are prouder of their example and service to the country through seventy-nine years of married life than through his service at arms. The Oppenheimer's are believed to be the oldest couple in New York city.

They rode today behind Lady Kate, a work horse in active service for twenty years, which was driven by their 61-year-old son, an employee of a paper box factory.

Two other children, nineteen grandchildren and nine great-grandchildren are living, contributions of their happy union.

#### VETS WOULDN'T RIDE.

(Associated Press Telegram) Chicago, May 30.—Fifteen hundred Union veterans are expected to be in line this afternoon when the Memorial Day parade swings into Michigan avenue at Twenty-sixth street. Many of them will ride in automobiles, more than in previous years, but there is still a large percentage who will demonstrate their ability to trudge along. A few remain who will play in the fife and drum corps. Some of the veterans became indignant yesterday when asked to ride in motor cars.

#### ARMY TAKES PART.

(Associated Press Telegram) Washington, May 30.—Veterans of the historic strife of the '60's, and the younger men who engaged in the war with Spain, joined today in paying tribute to the warrior dead of the Nation, Arlington cemetery, a National resting place of the soldier and sailor dead, was the objective point of the thousand veterans and civilians alike, although a score of historic graveyards in and about Washington claimed the reverence and homage of hundreds of others.

The particular ceremonies were at Arlington in which a considerable force of the regular army from Fort Myer took part.
